Don,

Regarding the database:

5137-031-029: The County shows the building square footage as 13,500. There is frontage on Union Avenue. Is frontage on side streets only assessed for corner lots?

5080-012-033: The lot square footage is 21,500.

The front footage should be whole numbers. They appear to be so, but when I click on individual cells there are fractional numbers.
